Earn Extra Airline Miles When You Park at Gulfport-Biloxi International Airport

Gulfport, MS – Gulfport-Biloxi International Airport (GPT), Republic Parking System, and THANKS AGAIN® have joined forces to offer airport customers valuable rewards. The FLY GPT Rewards Program (www.flygptrewards.com) enables airport passengers and residents of the region to earn frequent flyer miles in programs like Delta SkyMiles® when they park in the GPT parking garage managed by Republic Parking System.

Consumer enrollment in the program is **Free, Quick** and **Secure**. Simply register any credit or debit card at www.flygptrewards.com or register on your mobile phone by texting “GPT” to 20123.

“Republic Parking System is proud to have partnered with the Airport to bring the community the new parking garage and excited to be able to offer the additional opportunity for travelers to earn miles when they use the new parking facility,” said Chris Howley, Executive Vice President, Republic Parking System.

To qualify to earn miles, a consumer must use a registered card to pay a \$25.00 or greater parking fee in the parking garage, earning them 1 airline mile for every \$1 spent. These airline miles are above and beyond any miles that consumers may already earn on credit or debit reward cards they register in the FLY GPT Rewards Program.

“We are very pleased to launch our new traveler rewards program with Republic Parking, and we plan to expand the reward opportunity to qualifying shopping and dining purchases made within the Airport,” said Richard Matheny, Chairman of Gulfport-Biloxi Regional Airport Authority. “We want to consistently reward consumers for their patronage.”

GPT will also encourage local businesses in the Mississippi Gulf Coast region to participate in the “THANKS AGAIN” program. This will enable South Mississippi residents and tourism visitors to not only earn attractive bonus airline miles at GPT, but also at a number of off-airport businesses including attractions, restaurants, spas/salons, and golf courses.

This program is managed by Republic Parking System (www.republicparking.com) in partnership with THANKS AGAIN (www.thanksagain.com).
