## **Delta and Northwest Merge at GPT**

On August 4, 2009, Delta Air Lines' consolidation with Northwest Airlines at Gulfport-Biloxi International Airport (GPT) will be complete as all Northwest check-in positions are combined with Delta's. Customers flying Delta- or Northwest-operated flights should check in with Delta. Signage and airport staff will continue to provide customers with clear direction and assistance as passengers become accustomed to these changes.

Delta and Northwest merged in October forming the world's largest airline and opening up more opportunities for customers to easily connect to more places worldwide than ever before. Rebranding at airports nationwide will continue throughout this year. Delta expects the process to be complete at all domestic airports by the end of 2009 and at airports worldwide in 2010.

You may download b-roll of Delta's airport consolidation and overall rebranding via this link: <http://mediaport.nmedia.com/html/mdplist.asp>. The username is [media@delta.com](mailto:media@delta.com) and the password is delta.
